

AARON GERACI

Network & Systems Administration Professional

Cincinnati, OH 45238 | 513.504.0116 | geracia2@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Early-career IT professional with hands-on experience supporting enterprise network infrastructure, data center operations, and endpoint management. Strong foundation in network troubleshooting, SNMP-managed devices, structured cabling, Active Directory, and automation using Python and PowerShell. Currently completing an AAS in Computer Network Administration while supporting live enterprise network equipment and DCIM systems.

TECHNICAL SKILLS & COURSEWORK

Networking: TCP/IP, DNS, DHCP, VPN, IPAM, OSI Model, Layer 1-4 Troubleshooting, Cisco IOS CLI (Routing & Switching), Structured Cabling, Fiber/Copper Media, SFPs, Wi-Fi Access Point & Switch Configuration, SNMP

Systems & Endpoint Management: Windows Server Administration, Microsoft SCCM, Microsoft Intune, PXE/OSD Imaging, Virtualization (VM Provisioning, Snapshotting & Recovery)

Directory & Identity: Active Directory, Microsoft Entra ID (Azure AD), Group Policy Objects (GPO), User & Computer Provisioning, Permissions & Access Control

Automation & Scripting: Python (REST APIs), PowerShell

ITSM & Documentation: Incident Ticketing, Change Documentation, Asset Management, DCIM (Data Center Infrastructure Management)

Data Center Infrastructure: UPS & PDU Configuration, Rack & Data Center Operations

PROFESSIONAL EXPERIENCE

IT Infrastructure Facilities Intern : 07/2025 - Present

The Cincinnati Insurance Companies | Cincinnati, OH

- Supported enterprise data center infrastructure, fulfilling low-to-medium complexity work orders.
- Troubleshoot UPS network connectivity using serial console access, NIC configuration, and SNMP validation.
- Configured UPS and rack PDUs for SNMP traps, monitoring, and network integration.
- Integrated Aruba Central API with DCIM using Python, automating updates for device serials, MAC addresses, provisioning state, and inventory accuracy.
- Assisted in Wi-Fi access point and access switch refreshes, validating cabling and switch port connectivity.
- Documented and mapped network topology, rack layouts, and cabling in DCIM.
- Performed Layer 1 troubleshooting: fiber vs. copper diagnostics, SFP validation, patching, and continuity testing.

Desktop Support Intern : 12/2024 - 07/2025

The Cincinnati Insurance Companies | Cincinnati, OH

- Diagnosed network connectivity issues including DNS failures, profile misconfigurations, and RDP access problems.
- Developed PowerShell scripts to validate RDP connectivity and automate troubleshooting workflows.
- Distinguished hardware vs. software root causes during endpoint outages.
- Managed endpoints with SCCM and Microsoft Intune, enforcing security baselines and application deployments.
- Supported PXE/OSD imaging and user access provisioning.
- Supported incident ticket queue with a focus on customer relations and adherence to SLA requirements.

Additional non-IT professional experience 2012-2023, available upon request.

EDUCATION

AAS, Computer Network Administration : 08/2024 - 12/2026 (Expected)

Cincinnati State Technical and Community College | Cincinnati, OH

Software Engineering Training : 12/2023 - 02/2024

Per Scholas | Cincinnati, OH

BFA, Graphic Design : 08/2007 - 05/2012

Northern Kentucky University | Highland Heights, KY | GPA: 3.2

CERTIFICATIONS

- CompTIA A+ : issued 01/2025
- CompTIA Network+ : issued 06/2026
- ITIL 4 Foundation : issued 04/2024
- AWS Academy Data Center Technician : issued 07/2025
